

Technical Requirements & Stage Plan

Thanks for considering Baba Gris to play at your event. Here we have a list of the Technical Requirements necessary for the band to give their best performance. If there are any doubts or difficulty to provide one of the requirements please let us know as soon as possible so we can find another solution.

Our stage setup consists of:

1 Drums

(Kick, 2 Snares, Tom, Floor Tom, Hi-Hats, Crash Cymbal, Ride Cymbal)

1 Electric Bass

(Bass Amp 350w o más + D.I. Box)

2 Electric Pianos

(Roland Guitar & Piano Amp + 2 D.I. Box)

2 Electric Guitars

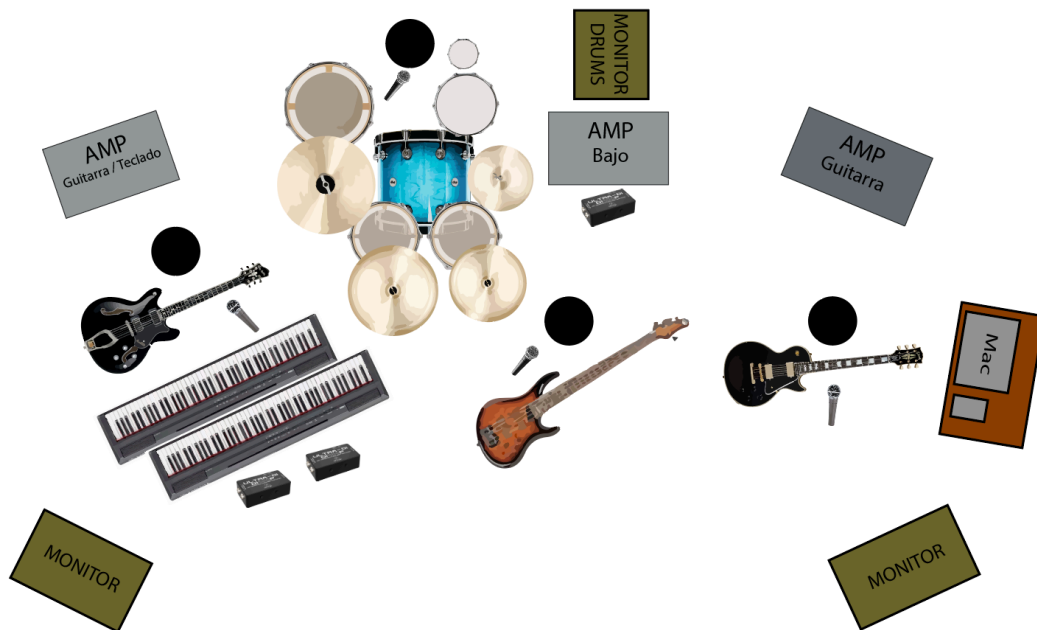

(2 Guitar Amps)

4 Vocals

(4 Shure Mics)

1 Computer

(1 AUX input - L/R)

We assume the venues provides a PA with a 24 channel Mixer as well as monitors for the stage.
(Most shows it is necessary for the band to have a stereo L/R feed of the main mix for in-ear monitoring purposes.)
